

Graceland University Student Teaching INTASC Observation Form Date _____

(use this form for bi-weekly observations, midterm evaluation, and final evaluation)

Student Teacher Candidate Name: _____

Use the following scale to evaluate the candidate at their present level of competency (not as an experienced teacher). Use this report as the focus of your reflective conference with the student teacher. This will help to provide direction for the candidate moving forward. Use evidence from a variety of sources such as lesson observations, lesson plans, student artifacts, teaching materials, and other interactions. In order to receive a passing grade, ratings must be at the Developing, Basic, or Proficient level.

Key (put N/A if not observed)

- 1 Unsatisfactory - the candidate does not have a grasp on the standard described
- 2 Developing - the candidate's knowledge for performance in this area is rudimentary and may perform satisfactory with support
- 3 Basic - the candidate has a clear grasp of the standard and translates knowledge into effective practice
- 4 Proficient - the candidate shows advanced depth of knowledge of the standard and enriches student learning
